AiME Interview Questions

The first eight questions that participants responded to were related to their current mental well-being, and were included for model training. These questions were as follows: 1) How have you been feeling lately? 2) Tell me how your sleep has been lately. 3) What else is going on today? 4) What are you looking forward to in the near future? 5) What's been frustrating you lately? 6) What do you think is causing your problems? 7) How would you describe the impact your life has on the world around you? 8) Whom do you wish you had a better relationship with, and what would make it better?

Participants also responded to five additional questions regarding past and current treatment history: 1) Are you currently treating depression with a mental health professional? 2) Are you currently treating anxiety with a mental health professional? 3) Has a mental health professional diagnosed you with depression in the past? 4) Has a mental health professional diagnosed you with anxiety in the past? 5) Have you ever been treated for substance abuse or dependence?

Ideal recording conditions for participants were defined as such: 1) face within the dashed green lines ("safe area"), 2) no facial accessories (hats, glasses, etc.), 3) participant directly facing the camera, 4) participant's entire head in the frame, 5) face well-lit from the front, and 6) minimized background distractions and noise. They were also asked to avoid backlighting and facing the camera at an angle.
